Corrigendum

Corrigendum to “Neutron transmission and capture measurements and analysis of Dy from 0.01 to 550 eV” Progress in Nuclear Energy (2017) 126 - 132

The authors regret that the thermal total cross sections were listed erroneously in Table 7 instead of the thermal capture cross sections. The correct values for Table 7 are given below:

$$2652 \pm 10 \text{ b}$$

$$2653.31 \text{ b}$$

The authors would like to apologize for any inconvenience caused.

 Thermal Capture Cross Section

This Experiment
